

Choice Christian greetings:

First of all, I pray that the greatest year you will ever have is right before you. I believe this year in particular—2020—is going to be one of the greatest that the church has ever seen. In the year ahead, I believe we will see more souls saved, more believers baptized with the Holy Spirit, more people delivered, and more people healed than ever before. Praise God.

Thank you so very, very much for helping to support—both prayerfully and financially—the message going out to the entirety of the world—Jesus Christ and Him crucified—the greatest story ever told, yes it is. And I sense the presence of the Lord even as I write these words—Jesus Christ came to this world to save sinners. As God told Abraham, *“And in thy seed shall all the nations of the earth be blessed; because thou hast obeyed my voice”* (Gen. 22:18). Thank God this great gospel was taken to my family; I’m here today because of that. Thank God it happened.

I shudder to think where I would be if my parents had said no to Christ. It took a little persuasion to get them to say yes, the Lord had to take my baby brother—he was only three months old when he passed away with pneumonia. But I remember my dad looking down in the casket—I was with him, right by his side in that graveyard in Rio Hondo, Texas. I was only about four or five years old and too young to understand the severity of death, but I heard my dad say, as he looked down at that little frame lying in that casket, “Son, I promise you, I’ll meet you in heaven.”

My dad was not saved at the time, but a few days later, he and my mother came back to Ferriday, Louisiana, and they said yes to Jesus Christ. It would change our world, it would change our lives, it would change

everything. When Jesus comes in, praise God, there is a change—a glorious change—and it's always for the better; it's always for the good; it's always for the best, understand that.

So that's what I want to see with this programming—I want to see the Spirit of God go out all over the world to bring the sinner to Christ, to heal the broken hearts, to set the captives free, to lift men above the shadows and to plant their feet on higher ground, as only God can do. That's what it's all about, ladies and gentlemen, that's what you are supporting through the SonLife Broadcasting Network.

Right now, as you read this letter, all of our programming—the music, the worship, the preaching and teaching—is going out all over Europe, all over Africa (forty countries there), all over Central and South America, all over the islands of the sea (more than five million homes in the Philippines), and we've taken on two or three more cables in the U.S. It doesn't reach every home on planet Earth, but it's not for the lack of trying.

It's hard for us to see how important all of this is when much of it is happening on the other side of the world, but there is nothing more important than the Spirit of God moving in the hearts and lives of individuals, and I mean nothing.

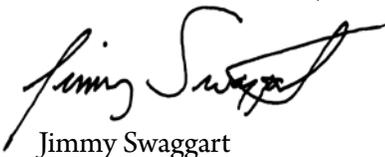

“...there is nothing more important than the Spirit of God moving in the hearts and lives of individuals...”

There are souls out there who are crying for God—it's not a lot of people, the Lord said, “*Strait is the gate, and narrow is the way, which leadeth unto life, and few there be that find it*” (Matt. 7:14). But for those few who do want the Lord, God sees to it that they find Him somehow, some way. That's the reason that SonLife Broadcasting Network is so very, very important.

At this time, if you can send a gift of \$100 or more, we want to send you the CD, *There Is Room At The Cross For You*, as a sincere gift of gratitude for your support of world evangelism. I trust you to ask the Lord what He would have you do regarding this letter, and the importance it holds. We had a shortfall of \$2.6 million last month, so we need your help. Please pray about what the Lord would want you to do.

We love every one of you, and we pray God's richest, richest blessings upon you.

In the Master's service, yours,

Jimmy Swaggart

P.S. My word for you this month is:
